Schedule of benefits

This schedule of benefits lists the **eligible dental services**, **deductibles**, **payment percentage**, maximums, and any limits that apply to the services you get under this plan.

How to read your schedule of benefits

- When we say:
  - "In-network coverage" we mean that you get care from **in-network providers**.
  - "Out-of-network coverage" we mean that you can get care from **out-of-network providers**.
- The **deductibles** and **payment percentage** listed in the schedule of benefits below reflects the **deductibles** and **payment percentage** amounts under your plan.
- You must pay any **deductibles** and your part of the **payment percentage**.
- The **payment percentage** listed in the schedule of benefits reflects the plan **payment percentage**. This is the **payment percentage** amount the plan pays. You are responsible for paying any remaining **payment percentage**.
- You must pay the full amount of any dental care services you get that are not a **covered benefit** or that exceed your **Calendar Year** or **lifetime maximum**.
- This plan also has limits for some **covered benefits**. For example, these could be visit limits. They may be combined limits between or separate maximums for **in-network providers** and **out-of-network providers** unless we state otherwise.

Important note:
All **covered benefits** are subject to a **Calendar Year deductible** and **payment percentage** unless otherwise noted in the schedule of benefits below.

General coverage provisions

This section explains the:

- **Deductibles**
- **Payment percentage**
- Maximums

Calendar Year deductible

Eligible dental services applied to the out-of-network **deductibles** will be applied to satisfy the in-network **deductibles**. **Eligible dental services** applied to the in-**network provider deductibles** will be applied to satisfy the **out-of-network provider deductibles**.

Individual deductible

This is the amount you pay for in-network and out-of-network **eligible dental services** each **Calendar Year** before the plan begins to pay. This individual **Calendar Year deductible** applies separately to you and each of your covered dependents. Once you have reached the **Calendar Year deductible**, this plan will begin to pay for **eligible dental services** for the rest of the **Calendar Year**.

Family deductible

When you and each of your covered dependents incur **eligible dental services** that apply towards the individual **Calendar Year deductibles,** these expenses will also count toward a family **deductible**.

To satisfy this family **deductible** for the rest of the **Calendar Year**, the following must happen:

- The combined **eligible dental services** that you and each of your covered dependents incur towards the individual **Calendar Year deductibles** must reach this family **deductible** in a **Calendar Year**.

When this happens in a **Calendar Year**, the individual **Calendar Year deductibles** for you and your covered dependents are met for the rest of the **Calendar Year**.

Payment percentage

Once any applicable **deductibles** have been met, the specific **payment percentage** the plan pays for **eligible dental services** is listed below.

Calendar Year maximum

The most the plan will pay for **eligible dental services** incurred by any one covered person in a **Calendar Year** is called the **Calendar Year maximum**.

The **Calendar Year maximum** applies to in-network and out-of-network **eligible dental services** combined.

Orthodontic lifetime maximum

The most the plan will pay for orthodontic expenses incurred by any one covered person during their lifetime is called the orthodontic **lifetime maximum**.

The orthodontic **lifetime maximum** applies to covered in-network and out-of-network **eligible orthodontic treatment** combined.

Your financial responsibility and determination of benefits provisions

Your financial responsibility for the cost of services is based on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment that occurs in more than one **Calendar Year**. Determinations regarding when benefits are covered are subject to the terms and conditions of the booklet.
