

Welcome to the Sun Health team!

We are excited to welcome you to Sun Health! Because we want to help you succeed with us, we need to hear from you! As a key part of our onboarding process, you will receive four brief surveys through email, text, mobile app, and/or phone, as you reach these important employment milestones:

- 2 WEEKS
- 45 DAYS
- 75 DAYS
- 6 MONTHS

Your participation in these surveys is important and expected. Because your direct feedback is immediately sent to key individuals, we are able to quickly address issues or concerns that might interfere with your success. These surveys also give you an opportunity to provide valuable feedback and recommendations on ways we can improve our new employee onboarding. Your responses will be used to help us improve your experience and that of other new employees. If you have caller ID, you will see AES as the caller or the number 231.638.5596 (text messages will come from 833.201.7775). If a voicemail is left, you will be given a 4 digit privacy code that is required when calling back.

We look forward to hearing from you!

Your Sun Health Leadership Team
