

Covering your bases

Aetna Accident Plan

Be prepared for the unexpected

Accidents are just that — accidents. You can't plan for them. But, you can protect yourself financially as much as possible.

What is the Accident Plan?

The Aetna Accident Plan pays benefits when you get treatment for an accidental injury. The insurance plan pays for a long list of covered minor and serious injuries. You can use the benefits to help pay out-of-pocket medical costs or personal expenses.

How is this different from a major medical plan?

Medical plans help pay providers for services and treatment. But, they don't cover unexpected costs that might come with an accidental injury.

The Aetna Accident Plan pays benefits directly to **you**, giving you extra cash when you need it most. It can help fill in the gaps, making it a great companion to your major medical plan.

How can you use the cash benefits?

It's completely up to you. You can use the money any way you want, like:

- Deductibles or copays
- Mortgage or rent
- Groceries or utility bills

...or anything else you choose.

Easy to use

Online tools make it easy to manage your plan. File a claim in about 90 seconds or less if you have a covered injury or treatment. And, benefits get paid directly to you by check or direct deposit.

The Aetna Accident Plan is underwritten by Aetna Life Insurance Company (Aetna).

"What ifs" are everywhere

2.6+ million children get seen in emergency departments for injuries related to sports and recreation each year¹. An American has an accidental injury **every second**².

Because you never know

Miguel* didn't expect to get rear-ended in the middle of rush hour on his drive home. But it happened, and now his back and his car need some work.

Luckily, he had the Aetna Accident Plan. He filed his claim online and, since he's an Aetna Medical member, he didn't need to submit any medical bills.

His benefits were deposited directly into his bank account. He used some of the money to pay out-of-pocket medical costs. The rest went towards getting his car back into shape.
